TECHNOLOGY

Cresswood's exclusive Ever New Technology allows for replacement of all key wear items to bring your machine back to like-new standards.

The rugged, extreme duty XRV-500, 600 and 700 make up the family of "Dump and Go" Cresswood shredders that are a plastic recycler's best friend. In the toughest plastic applications, this class of machines thrives. These machines can size-reduce heavy purge, thick walled pipe, barrels, mixed plastics, and can get your valuable product back into your production process or processed for recycling.
